Auditor General's Report on the audit of the Ministry of Foreign Affairs (MoFA) Financial Statements for the Fiscal period ended June 30, 2018

March 5, 2025

Hon. Sara B. Nyanti Minister Ministry of Foreign Affairs (MOFA) Capitol Hill Monrovia, Liberia

RE: AUDITOR GENERAL'S REPORT ON THE FINANCAL STATEMENTS AUDIT OF THE **MINISTRY OF FOREIGN AFFAIRS**

Adverse Opinion

We have audited the accompanying financial statements of the Ministry of Foreign Affairs (MoFA) for the period July 1, 2017 to June 30 2018. These financial statements comprise the statement of Receipts and Payments, Statement of Comparison of budget and actual amounts, for the year then ended, and a summary of significant accounting Policies and other explanatory information.

In our opinion, because of the significance of the matters discussed in the Basis for Adverse Opinion, the accompanying financial statements do not give a true and fair view of the financial position of the Ministry of Foreign Affairs (MoFA) as at June 30, 2018 and of its statement of receipts and payments, Statement of Comparison of Budget and Actual Amount for the year then ended in accordance with International Public Sector Accounting Standards (IPSAS) Cash Basis of Accounting.

Basis for Opinion

During our audit of the financial statements of the Ministry of Foreign Affairs for the fiscal year ended June 30, 2018, we identified several significant issues that have led to our adverse opinion.

1.1 Inaccurate Financial Reporting

- A total variance of US\$897,208.92 was observed between the figure reported in the entity's financial statements and the figure recorded in the fiscal outturn report generated by the MFDP for the periods under audit.
- We noted the variance of US\$1,464,507.00 between the actual expenditure reported in the Statement of Receipt and Payment and the recomputed amount of actual expenditure reported in notes # eight of the financial statements. These issues have a pervasive impact on the financial statements and resulted in the Ministry not presenting a true and fair view of their financial position and performance.

1.2 Undocumented Expenses

We identified undocumented expenses recorded in the Foreign Missions Project bank statements amounting to US\$56,956.73. These expenses were not supported by documents such as payment receipts, invoices, delivery notes, payment vouchers, tax clearance, business registration etc., which raises concerns about their validity and accuracy. The undocumented expenses materially misstated total payments.

1.3 Inadequate Book of Accounts for Expenditures

We identified Inadequate Financial Records of expenses amounting to US\$14,537,682.92. Management did not maintain books of accounts and proper records such as cash book, detail ledgers and trial balance, which raises concerns about the completeness and accuracy of the Ministry's financial statements.

1.4 Non-disclosure of Internally generated Revenue

- Management did not disclose in its financial statements, internally generated revenue in the amount of US\$2,839,240.42 for the following revenue sources:
- Articles of incorporation
- Consulate fees
- Dissolution
- Visa issued
- Legalization/Notarization
- Passport fees
- Laissez Passer etc.

The non-disclosure of Internally generated Revenue is not in accordance with IPSAS Cash basis of accounting which requires an entity that prepares and presents general purpose financial statements to recognize all cash receipts, cash payments and cash balances controlled by the entity. The non-disclosure materially misstates the Ministry's financial statements for the period ended June 30, 2018.

We conducted our audit in accordance with International Standards of Supreme Audit Institutions (ISSAIs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the MoFA Management in accordance with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibility

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IPSAS Cash Basis, and for such internal control as Management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, Management is responsible for assessing its ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to cease operations, or has no realistic alternative but to do so.

The Management of the Ministry of Foreign Affairs is responsible for overseeing the Ministry's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
