

Promoting Accountability of Public Resources

AUDITOR GENERAL'S REPORT

**On the Compliance Audit of the National
Public Health Institute of Liberia (NPHIL)**

For the Periods July 1, 2018 through to December
31, 2021

August 2025

**P. Garswa Jackson Sr. FCCA, CFIP, CFC
Auditor General, R. L.**

Republic of Liberia

TRANSMITTAL LETTER

**THE HONORABLE SPEAKER OF THE HOUSE OF REPRESENTATIVES AND THE HONORABLE
PRESIDENT PRO-TEMPORE OF THE HOUSE OF SENATE**

We have undertaken a compliance Audit of the National Public Health Institute of Liberia (NPHIL) for the fiscal years July 1, 2018 through to December 31, 2021. The audit was conducted in line with Section 2.1.3 of the General Auditing Commission (GAC) Act of 2014.

The findings conveyed in this report were formally communicated to the authorities of the National Public Health Institute of Liberia (NPHIL) for their responses. The reportable issues were submitted through a Management Letter. Where responses were provided, they were evaluated and incorporated in this report.

Given the significance of the matters raised in this report, we urge the Honorable Speaker and Members of the House of Representatives and the Honorable Pro-Tempore and Members of the Liberia Senate to consider the implementation of the recommendations conveyed in this report urgently.

**P. Garswa Jackson FCCA, CFIP, CFC
Auditor General, R.L.**

**COMPLIANCE AUDIT OF THE NATIONAL PUBLIC HEALTH INSTITUTE OF LIBERIA
(NPHIL) FOR THE FICAL YEARS JULY1, 2018 THROUGH TODECEMBER 31, 2021**

Qualified Conclusion

The General Auditing Commission has concluded a compliance audit of the National Public Health Institute of Liberia (NPHIL). The compliance audit has been conducted in compliance with relevant laws and regulations consistent with the Auditor General's mandate as provided for in Section 2.1.3 of the General Auditing Commission (GAC) Act of 2014 as well as in accordance with all relevant laws.

Based on the work performed, we found that except for the effect of the matter described in the basis for qualified conclusion section of our report, the audited entity's subject matter is in compliance, in all material respects with the Public Financial Act of 2009 as Amended and Restated 2019, the Public Procurement and Concession Act (2010), and its Regulations, Decent Work Act (2015), Civil Service Standing Order, and Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Basis for Qualified Conclusion

We identified the following issues which materially affect the operations of the the National Public Health Institute of Liberia (NPHIL):

1.1 Financial Reporting

NPHIL cashbook did not reconcile with MFDP's fiscal outturn reports. A material variance amounting to US\$8,394.00 (US\$10,363,494.00 – US\$ \$10,355,100.00) exists between MFDP's Fiscal Outturn and Report NPHIL Cashbook

1.2 Non-Withholding and Remittance of Taxes

There was no evidence that the NPHIL Management withheld and remitted taxes on goods and services from FY 2018/2019 to the Special Budget Year ended December 31, 2021.

The above issues materially impact the entity's compliance with the PFM Act of 2009 as Amended and Restated 2019, and the Revenue Code Act of (2000) Amended and Restated 2011.

**P. Garswa Jackson, Sr. FCCA, CFIP, CFC
Auditor General, R.L.**

Monrovia, Liberia

Background

The Compliance Audit of the National Public Health Institute of Liberia (NPHIL) was commissioned under the Auditor General (AG) mandate as provided for under Section 2.1.3 of the GAC Act of 2014.

The National Public Health Institute of Liberia (NPHIL) is a non-ministerial Agency established to improve the health status of the population of Liberia in collaboration with relevant agencies and institutions of government. The specific objectives are as follows:

- A. Contribute to the development and sustainability of the public health workforce
- B. Develop, enhance, and expand the surveillance and response platforms
- C. Develop and strengthen the laboratory system and public health diagnostics
- C. Develop, enhance, and expand processes and structures to protect environmental and occupational health
- D. Expand, conduct, and coordinate public health and medical research to inform Liberian public health policies

Management Personnel

The National Public Health Institute of Liberia (NPHIL) has the following personnel who handled the administrative and financial affairs of the institution for the period under audit.

Table: 1 Key Management Personnel of the NPHIL

Name	Rank	Tenure
Dr. Tolbert G. Nyenswah	Director General	2016-2019
Dr. Julius S.M. Gilayeneh, Sr.	Deputy Director General for Technical Services	Present
Dr. Patrick N. Kpanyen	Deputy Director General for Administration (DDGA)	Present
Fidel D. Wiah	Director Financial Management Division	2016 - Present
Chrystal E. Smith	Director of Human Resource	
H. Mohammed Kiadii	Procurement Director	
Atty. Joel Elkanah Theoway	Director of Legal Affairs	

Audit Objectives

The objective of the compliance audit, according to the International Standards of Supreme Audit Institutions, ISSAI 4000, is to provide the intended user(s) with information on whether the audited public entities follow legislative decisions, laws, legislative acts, policies, established codes agree upon terms. The standard requires that we comply with ethical requirements and plan and perform the audit to obtain reasonable or limited assurance about whether (a) Revenue Generating Areas (b) Expenditure for goods, services and (C) Internal Control Systems for the fiscal year ended June 30, 2019, are in all material respects, in compliance with the Revenue Code of Liberia Act of 2011, the Restated PFM Act of 2009, as Amended in 2019 and its Regulations, Public Procurement and Concession Act of 2005, as Amended and Restated 2010 and the NPHIL internal policies and procedures.

Subject Matter and Scope

Validation of the NPHIL Operations with special emphasis on: (a) Expenditure for goods, services and personnel compensation; and (b) Internal Control Systems (Governance and operational structures) of the entity for the fiscal year July 1, 2018, to June 30, 2019.

Audit Criteria

The audit criteria for the subject matter are the Revenue Code of Liberia Act of 2011, Public Financial Management Act of 2009 and its Regulation, the Restated PFM Act of 2009, as Amended in 2019, Public Procurement and Concession Act of 2005, as Amended and Restated 2010 and its Regulations and the NPHIL Policies and Act.

Audit Methodology

We performed our audit based on review of contract documents, specification, financial records and payment vouchers related to the period under audit, interview NPHIL staff as well as physical verification of the Entity Assets and personnel. The audit criteria were applied to each procurement sample selected.

The audit was conducted in accordance with ISSAI 4000 and INTOSAI's International Standards for Compliance Audit. These standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether NPHIL complied with laws and regulations.

Our audit also took cognizance of the requirements under the Auditor General's mandate as provided for under Section 2.1.3 of the GAC Act of 2014. Our audit approach included observation, inquiries, inspections, confirmation, and analytical procedures on areas we considered as high risk.

Limitation of Responsibility

The audit involves performing procedures to obtain audit evidence about the subject matters' compliance with applicable authorities identified as criteria. The procedures selected depend on the auditor's professional judgment, including the assessment of the risks of non-compliance material issues of the subject matter, whether due to fraud or error.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, there is an unavoidable risk that some non-compliance material issues may not be detected, even though the audit is properly planned and performed in accordance with the ISSAIs. In making our risk assessments, we considered internal control relevant to the subject matters, but not for the purpose of concluding on the effectiveness of the entity's internal control.

1 DETAILED FINDINGS AND RECOMMENDATIONS

1.1 Financial Issues

1.1.1 Discrepancy between NPHIL Cashbook and MFDP's Fiscal Outturn Report

Criteria

- 1.1.1.1 Regulation C.8 (2 and 3g) of the PFM Act of 2009, amended and restated 2019 states "(2) A head of agency or spending unit shall have overall responsibility and accountability for the collection and receipt of all revenues or the financial administration of the monies voted by Legislature for, or applied by statute to, the services under the control of his or her ministry or agency. (3g) ensure that all books of accounts under his or her control are correctly posted and kept up-to-date".

Observation

- 1.1.1.2 During the audit, we observed that NPHIL Cash Book did not reconcile with MFDP's fiscal outturn reports for the fiscal periods indicated in the table below. **See Table 1 for details**

Table 1: Discrepancy between NPHIL Cashbook and MFDP's Fiscal Outturn Report

Period	MFDP Fiscal Outturn Report	NPHIL Cash Book	Variance
FY 2018-19	3,454,498.00	3,453,400.00	1,098.00
FY 2019-20	3,454,498.00	3,450,500.00	3,998.00
FY 2020-21	3,454,498.00	3,451,200.00	3,298.00
Total	\$ 10,363,494.00	\$ 10,355,100.00	\$ 8,394.00

Risk

- 1.1.1.3 The completeness and accuracy of the cashbooks may not be assured; therefore, the financial statements may be misstated.
- 1.1.1.4 Management may not account for all of its transactions.

Recommendation

- 1.1.1.5 Management should liaise with the relevant authorities at MFDP to reconcile and resolve the variance between the fiscal outturn report and the cashbook.
- 1.1.1.6 Going forward, Management should perform periodic reconciliation among the fiscal outturn reports, the general ledger, trial balance and the financial statements. Variances identified should be investigated and adjusted where applicable in a timely manner.
- 1.1.1.7 Evidence of periodic reconciliation reports should be adequately documented and filed to facilitate future review.

Management's Response

- 1.1.1.8 *Management acknowledges the observation and would engage the authorities at MFDP to resolve the variance reported.*

Auditor General's Position

- 1.1.1.9 We acknowledge Management's acceptance of our findings and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.

1.2 Controls Related Issues

1.2.1 Irregularities Associated with Fixed Asset Management System

Criteria

- 1.2.1.1 Regulations V.4 (2) of the PFM Act of 2009 as amended and restated 2019 states, "The master inventory shall record under each category of item:
- the date and other details of the voucher or other document on which the items were received or issued;
 - their serial numbers where appropriate; and
 - their distribution to individual locations and the total quantity held."

Observation

- 1.2.1.2 During the audit, we observed the following irregularities associated with the Fixed Assets Management System from FY 2018/2019 to the Special Budget Year ended December 31, 2021:
- The fixed assets register did not contain all the relevant columns.
 - There was no evidence of movement of assets form.
 - Fixed Assets within a given vicinity were not displayed in a fixed asset log as required by the PFM.

Risk

- 1.2.1.3 Fixed assets may be misstated (Over/understated).
- 1.2.1.4 Assets may be damaged or impaired but their values are still on the books.
- 1.2.1.5 Fixed assets may be removed from the entity's premises without authorization, misappropriated, or subjected to personal use or theft.
- 1.2.1.6 The lack of an asset movement log could make it difficult to keep track of assigned or transferred assets, which may lead to misuse, loss, or theft of assets without being noticed.
- 1.2.1.7 Failure to properly account for fixed assets may lead to theft and misapplication of equipment/materials. This may result in the non-achievement of the entity's objectives.
- 1.2.1.8 Fixed assets not coded may be susceptible to theft or diverted to personal use.

Recommendation

- 1.2.1.9 Management should ensure that the fixed assets register is updated to reflect the following: description, source of purchase, date of purchase, class, code, assignee, location, condition, original cost, depreciation expense, accumulated depreciation and net book value of the assets.
- 1.2.1.10 Management should conduct periodic fixed assets count and /or verification to determine the current condition and location of the assets. The Fixed Assets Register should be updated (where applicable) upon completion of each physical count/verification exercise to reflect all entity's assets. Evidence of physical verification should be adequately documented and filed to facilitate future review.
- 1.2.1.11 Fixed assets within a particular vicinity should be displayed as required by the PFM Act.
- 1.2.1.12 A movement of Asset Form should be filled in and authorized before assets are moved from one location to another. The Fixed Asset Register should be updated to reflect the change in the location of the asset.
- 1.2.1.13 Management should initiate/enforce a systematic fixed assets coding system to ensure all fixed assets are uniquely identified. This control will facilitate the efficient and effective periodic fixed asset verification exercises. Discrepancies in coding identified during verification should be updated promptly.

Management's Response

- 1.2.1.14 *Management acknowledges the observations and the auditors' recommendation. However, Management began to address the underlying fixed assets irregularities since FY 2022 with improvements in the recording and accounting for fixed assets. Fixed assets documents are available for the auditors' review.*

Auditor General's Position

- 1.2.1.15 Management's assertions were not supported by documentary evidence. Management did not submit Fixed assets documents for audit purposes as asserted in Management's response. Therefore, we maintain our findings and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.

1.2.2 Irregularities Associated with Personnel Management

Criteria

- 1.2.2.1 Chapter 5.8 of the CSA Standing Order of 2012 states that "the below-listed documents make up the employee's file and must remain in the file as part of the employee's records: • Employment Letter • Resume; • Credentials; • Personal data; • Job description; • All subsequent warnings or commendation; and • Annual appraisal forms and related evaluation forms."

Observation

- 1.2.2.2 During the audit, we observed the following irregularities associated with the personnel management system:
- Management did not maintain personnel records such as letters of application, employment letters, Bio-Data, credentials, job Description, Personnel Action Notice (PAN), Employee's handbook signed by the employee, or HR Movement Log, for several employees. **See Annexure 1 for details.**
 - There was no evidence that Management maintained daily attendance records for staff.
 - There was no evidence that the Human Resource Division performed spot checks of personnel to verify their attendance and presence at the job at all times.
 - There was no evidence that Management neither initiated a performance evaluation system for staff nor conducted periodic performance evaluations during the period under review.

Risk

- 1.2.2.3 Failure to maintain essential personnel records may lead to management's inability to manage or regulate the activities of its personnel effectively. Management may recruit staff that do not meet the required qualifications and experience to contribute to the overall objectives of the entity.
- 1.2.2.4 Failure to monitor and supervise personnel attendance records may result in compensation of none-deserving employees. This practice may facilitate an inappropriate work culture at the entity and may subsequently affect the operation and performance of the entity.
- 1.2.2.5 The lack of annual performance appraisal may lead to unnoticed and/or consistently poor performance by staff thus impairing the achievement of the entity's objectives.
- 1.2.2.6 In the absence of a documented performance evaluation system, an employee development plan may not be achieved thereby impairing the achievement of the entity's objectives.

Recommendation

- 1.2.2.7 Management should ensure that all employee files contain the relevant supporting documents including a CVs/resumes, employment letters, credentials, Personal Action Notice (PAN) Bio-data, and HR movement log as required by the CSA Standing Order.
- 1.2.2.8 Management should ensure that personnel attendance records are regularly monitored by designated staff. The Human Resource Division should initiate periodic spot checks to ascertain the accuracy of attendance records.

- 1.2.2.9 Management should facilitate the conduct of periodic performance evaluations for all staff. Performance goals should be clearly defined and documented for all positions. Employees should be familiarized with performance goals and be given the opportunity to periodically evaluate themselves against set goals. Subsequently, performance managers/supervisors should evaluate the performance of assigned employees against set goals and update the employees about the result of the evaluation including areas of targeted development. Management should solicit post feedback from employees about the fairness of the performance evaluation system and make adjustments where applicable. Documentation for performance evaluation should be adequately filed to facilitate future review.

Management's Response

- 1.2.2.10 *Management acknowledges the observations and the auditors' recommendation. However, management has a well-documented filing process of its employees and would like to present their files for review and consideration. Also, management has put in place both electronic and manual sign-in system. Management has a ledger in which employees are made to sign. As for the employee's evaluation report, management has begun to address the underlying personnel management issues since FY 2022 with updated to personnel files (complete documents), maintaining daily attendance logs and preparing monthly attendance reports, performing spot checks of employees on attendance and staff movements, and annual performance evaluations for personnel. The documents are available for the auditors' review.*

Auditor General's Position

- 1.2.2.11 Management's assertions were not supported by documentary evidence. Management did not submit performance evaluation reports, attendance reports, spot checks and staff movement reports and documents for audit purposes as asserted in Management's response. Therefore, we maintain our findings and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.

1.2.3 Lack of Audit Committee

Criteria

- 1.2.3.1 Regulation K.10 of the PFM Act of 2009 as amended and restated 2019 states that "the head of government agency or government organization shall in consultation with the internal audit governance board establish and maintain an audit committee for the government agency or organization for which he/she is responsible."
- 1.2.3.2 Further, Regulation K.11(1), (a) of the PFM Act of 2009 as amended and restated 2019 states that the Audit Committee of Government Agencies or Organizations shall review internal controls, including the scope of internal audit, internal audit Plans, internal audit findings, and recommend to the head of government agency the appropriate action to be taken.

Observation

- 1.2.3.3 During the audit, we observed no evidence that Management established an audit committee at the entity, to monitor and address audit matters at the institution as required.

Risk

- 1.2.3.4 Audit issues and lapses identified in the entity's internal control system may not be appropriately monitored and addressed due to the lack of an audit committee.
- 1.2.3.5 Internal and external audit recommendations may not be monitored and implemented in a timely manner.

Recommendation

- 1.2.3.6 Management should liaise with the relevant authority to establish a functional audit committee. Evidence of periodic meetings, minutes and activities reports should be adequately documented and filed to facilitate future review.

Management's Response

- 1.2.3.7 *Management acknowledges the observation and the auditors' recommendations. The Audit Committee was constituted since FY 2022 and has been fully functional at the management level. The auditors can validate.*

Auditor General's Position

- 1.2.3.8 Management's assertions were not supported by documentary evidence. Management did not provide evidence of the meeting minutes and periodic activities reports of the audit committee. Therefore, we maintain our finding and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.

1.2.4 Non-Withholding and Remittance of Taxes

Criteria

- 1.2.4.1 Section 905(n) of the Revenue Code of 2000, amended and restated 2011 states, "A government agency that makes a payment to a resident in circumstances other than those described in subsections (a) through (i) is required to withhold a portion of the payment as specified in regulations but not more than 4%".
- 1.2.4.2 Additionally, Section 904(a2) of the Revenue Code of 2000, amended and 2011 states, "(2) Income tax withheld on the payee's behalf on a payment or payments made by a person who has a tax withholding obligation under Section 905 is creditable against the payee's advance payments, provided that the payee supplies the payer with a Tax Identification Number, as defined in Section 53, at the time of or before the payment subject to withholding".

Observation

- 1.2.4.3 During the audit, we observed no evidence of Management withholding and remitting taxes on goods and services from FY 2018/2019 to the Special Budget Year ended December 31, 2021.

Risk

- 1.2.4.4 Failure to remit taxes withheld, may deny GoL of much-needed tax revenue.
- 1.2.4.5 Management may be non-compliant with Section (905) J. of the Revenue Code of Liberia 2000, amended and restated 2011, which may result in penalties for late payment and failure to pay.
- 1.2.4.6 Non-remittance of withholding taxes may lead to an overstatement of the cashbook and subsequently the financial statements.

Recommendation

- 1.2.4.7 Management should provide substantive justification for not withholding and remitting taxes on goods and services.
- 1.2.4.8 Going forward, Management should withhold taxes on all goods and services procured and facilitate full remittance of taxes withheld to the general revenue account in keeping with Section 905 (J) of the Revenue Code of 2000, as amended and restated 2011.
- 1.2.4.9 Evidence of remittance including original copies of flag receipts and other supporting records should be adequately documented and filed to facilitate future review.

Management's Response

- 1.2.4.10 *Management acknowledges the observations and the auditors' recommendations. However, management wishes to inform the auditors that taxes on all goods and services were withheld and remitted into the GoL General Revenue Account by the Ministry of Finance and Development Planning. The records (receipts) are available for review.*

Auditor General's Position

- 1.2.4.11 Management's assertions were not supported by documentary evidence. Management did not submit flag receipts as evidence of remittances of withholding taxes for audit purposes as asserted in Management's response. Going forward, Management should liaise with the MFDP to obtain copies of flag receipts as evidence of remittances of withholding taxes. Therefore, we maintain our findings and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.

1.2.5 No Evidence of Receipts for Remittances to NASSCORP

Criteria

- 1.2.5.1 Chapter 89.9 Part II of the National Social Security and Welfare Corporation (NASSCORP) Act of 2016 required that an employer should deduct contributions for a pension from the remuneration of the employees at 4% of the gross salary and remit the amount along with the employer's contribution of 6% of the gross pay to NASSCORP.

- 1.2.5.2 Also, Section 89.18 of the Decree establishing NASSCORP required that if a principal employer defaults in paying any contribution prescribed by this decree or subsequent regulations, a sum equal to four (4%) of the amount unpaid shall be added for each month or part of a month after the date on which payment was due, and any amount so added shall be recoverable as a debt owed by the employer to the Republic.

Observation

- 1.2.5.3 During the audit, we observed no evidence of payment receipts on the remittance of employees and employer contributions to NASSCORP from FY 2018/2019 to the Special Budget Year ended December 31, 2021.

Risk

- 1.2.5.4 Management may be non-compliant with the NASSCORP General Regulations of 2017 which may result to penalties and fines.
- 1.2.5.5 Potential GoL retirees may be denied required pension benefits due to non-compliance with the Regulation.
- 1.2.5.6 The completeness and accuracy of social security contributions for employees may be misstated. This may lead to inaccurate computation of employees' social security benefits.

Recommendation

- 1.2.5.7 Management should ensure that payment receipts for employees and employer contributions remitted to NASSCORP are requested from the MFDP (where applicable) and compiled to validate the authenticity of the transactions.
- 1.2.5.8 Management should facilitate full payment of employees and employer's contributions to NASSCORP on a consistent and timely basis.
- 1.2.5.9 Management should ensure that a comprehensive reconciliation is performed with NASSCORP records to ensure that individual employees social security contributions are duly allocated and compiled to validate the completeness and accuracy of employees' social security contributions.
- 1.2.5.10 Going forward, monthly remittance of social security contributions should be accompanied by a listing of employees and their social security numbers for ease of allocation to employees' NASSCORP accounts respectively.
- 1.2.5.11 Evidence of remittances of monthly social security contribution and all relevant supporting records should be adequately documented and filed to facilitate future review.

Management's Response

- 1.2.5.12 *Management acknowledges the observations and the auditors' recommendations. However, management wishes to inform the auditors that NPHIL's payroll, like most gov't*

entities, is processed by the MFDP. NASSCORP'S Contributions are withheld and remitted by the MFDP.

Auditor General's Position

1.2.5.13 Management's assertions were not supported by documentary evidence. Therefore, we maintain our findings and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.
