**AUDITOR GENERAL'S REPORT ON THE FINANCIAL STATEMENTS AUDIT OF THE
LIBERIA REGIONAL EMERGENCY SOLAR POWER INTERVENTION PROJECT (RESPITE)
FOR THE FISCAL YEAR ENDED DECEMBER 31, 2025**

Opinion

We have audited the accompanying financial statements of the Regional Emergency Solar Power Intervention Project (RESPITE) P179267 and IDA 72640 for the year ended December 31, 2025, which comprise the Statement of Cash Receipts and Payments, Statement of Comparison of Budget and Actual Amounts and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly in all material respects the Statement of Cash Receipts and Payments of RESPITE as at December 31, 2025 and its Statement of Comparison of Budget and Actual Amounts and a summary of significant accounting policies and other explanatory information for the year then ended in accordance with International Public Sector Accounting Standards (IPSAS) Cash Basis of Accounting.

Basis for Opinion

We conducted our audit in accordance with International Standards for Supreme Audit Institutions. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the Code of Ethics for Supreme Audit Institutions together with the ethical requirements that are relevant to our audit of the financial statements in accordance with the World Bank guideline and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unqualified opinion which is stated below:

Management's Responsibility

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IPSAS Cash Basis, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing its ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless

management either intends to cease operations, or has no realistic alternative but to do so. The RESPITE Management is responsible for overseeing the Project's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

**Regional Emergency Solar Power Intervention Project
(RESPITE)**

Financial Statement of World Bank Funded Project
for the period December 31, 2025.

RESPITE: P179267: IDA 72640

Statement of Project Management Responsibility

The Project Financial Management Unit (PFMU) of the Ministry of Finance and Development Planning and the Project Coordinator for Regional Emergency Solar Power Intervention project are responsible for the preparation and presentation of the Project's financial statements, which give a true and fair view of the state of affairs of the Project for and as at the end of the financial year ended on December 31, 2025.

This responsibility includes (i) maintaining adequate financial management arrangement and ensuring that these continue to be effective throughout the reporting period, (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the project, (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statement, and ensuring that they are free from material misstatements, whether due to error or fraud, (iv) safeguarding the assets of the project, (v) selecting and applying appropriate accounting policies and (vi) making accounting estimates that are reasonable in the circumstances.

The PFMU and the Project Coordinator for Regional Emergency Solar Power Intervention project accept responsibility for the Project's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards.

The PFMU and the Project Coordinator for Regional Emergency Solar Power Intervention project are of the opinion that the Project's financial statements give a true and fair view of the state of Project's transactions during the financial year ended December 31, 2025, and of the Project's financial position as at that date. The PFMU and the Project Coordinator for Regional Emergency Solar Power Intervention project further confirm the completeness of the accounting records maintained for the Project, which have been relied upon in the preparation of the Project financial statements as well as the adequacy of the systems of internal financial control.

The PFMU and the Project Coordinator for Regional Emergency Solar Power Intervention project confirm that the Project has complied fully with applicable Government Regulations and the terms of external financing covenants, and that Project funds received during the financial year under audit were used for the eligible purposes for which they were intended and were properly accounted for.

Approval of the Project Financial Statements

The Project financial statements were approved by the Project Financial management Unit and the Project Coordinator for Regional Emergency Solar Power Intervention project on February 24, 2026, 2026

The notes on pages 6 to 8 are integral part of these project financial reports

Variance Explanation

The variance is due to slower-than-expected progress on dam safety enhancement activities. Some planned work was postponed until technical assessments and contractor engagement were finalized, resulting in deferred spending. The underspend also reflects rescheduled capacity-building initiatives and consultant engagements caused by operational challenges. Management is taking steps to address these delays and accelerate implementation in the coming periods.

The third party payment amount of **US\$10,680,714.08** forms part of the total budgeted amount of **US\$19,209,040**. Therefore, the toal expenditure under the project is **US\$15,500,506.93** when it is deducted from the annual budget, the variance is **US\$3,708,533.23**

NOTES TO FINANCIAL STATEMENTS

6

1. Background and Information of the Project

With support from the World Bank; the Regional Emergency Solar Power Intervention-project is geared towards the rapidly increase grid-connected renewable energy capacity and strengthen regional integration in the participating countries. The RESPITE project was approved by the World Bank on January 31, 2023 with a credit and grant amount of USD 96.0 Million. The aims of the project are:

- i. installation of solar and hydropower generation and battery storage capacity with near-term (about 3-year) O&M contracts for the provision of solar supply;
- ii. necessary grid connection infrastructure;
- iii. grid modernization and upgrades to ensure effective penetration of variable solar generation, and
- iv. capacity building among the implementing agencies and technical assistance for greater regional integration.

2. Use of Grant Proceeds

The table below sets out the categories of items to be financed out of the credit proceeds, the allocation of the amounts of the grant to each category and the percentage of expenditures for items to be financed in each category:

Category	Amount of grant allocated expressed in US\$	% of expenditure to be financed
Construction of Solar PV with Battery energy storage systems (BESS) and Grid Connection	21,500,000	100
Expansion of Mt. Coffee Hydro Power Plant and Dam Safety Enhancement	61,000,000	100
Regional Coordination, Institutional Strengthening, and Implementation Support	13,500,000	100
Total	96,000,000 =====	

All categories of expenditure shown in these financial statements are fully financed based on the percentage below:

	% of Expenditure
IDA	100
Total	100 =====
