AUDITOR GENERAL'S REPORT ON THE FINANCIAL STATEMENT AUDIT OF THE BOMI COUNTY COMMUNITY COLLEGE (BCCC) FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Adverse Opinion

We have audited the accompanying financial statements of the Bomi County Community College (BCCC) for the period July 1, 2018 to June 30 2019. These financial statements comprise the statement of Receipts and Payments, Statement of Comparison of budget and actual amounts, statement of financial position for the year then ended, and a summary of significant accounting Policies and other explanatory information.

Because of the significance of the matters described in the Basis for adverse opinion paragraph the financial statements, in our opinion, the financial statements do not present fairly, in all material respects, the Statement of Cash Receipts and Payments, the Statement of Comparison of Budget and Actual Amounts and a summary of significant accounting policies and other explanatory information for the year then ended in accordance with International Public Sector Accounting Standards (IPSAS) Cash Basis of Accounting.

Basis for Adverse Opinion

During our audit of the financial statements of Bomi County Community College (BCCC) for the fiscal year ending June 30 2019, we identified several significant issues that have led to our adverse opinion:

- Management made payments amounting to US\$3,972.11 without adequate supporting documentations.
- Management facilitated payments amounting to US\$21,290.91 for fuel and gasoline without evidence of contracts and competitive bidding process.
- Management made payment amounting to US\$ 238.00 to individuals and/or employees of the entity rather than the service providers or their legal representatives.
- Management did not prepare bank reconciliation statements for all of its accounts.
- Management did not provide explanatory notes for material differences between budget and actual amounts.

Management did not maintain supporting detailed ledger accounts for expenditure amounting to US\$491,252.78

The above issues have a pervasive impact on the financial statements, causing material misstatements and raising concerns about the accuracy and reliability of the reported financial position and performance for the period then ended June 30, 2019.

We conducted our audit in accordance with International Standards of Supreme Audit Institutions (ISSAIs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Management of Nation Bomi County Community College (BCCC) in accordance with the ethical requirements that are relevant to our audit of the financial statements under INTOSAI, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (IPSAS) Cash Basis of Accounting, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor General's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards of Supreme Audit Institutions (ISSAIs). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

*Auditor General's Report on the Financial Statement Audit
Of the Bomi County Community College (BCCC)
For the Fiscal Year Ended June 30, 2019*

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse audit opinion.
