AUDITOR GENERAL'S REPORT ON THE FINANCAL STATEMENT AUDIT OF THE GOVERNANCE COMMISSION (GC) FOR THE PERIOD ENDED JUNE 30, 2019

Adverse Opinion
We have audited the financial statements of the Governance Commission (GC) for the fiscal period July 1, 2018 to June 30, 2019 which comprise the Statement of Receipts and Payments, Statement of Comparison of Budget and Actual Amount and a summary of accounting policies and other explanatory information.

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion section of our report, the accompanying financial statements do not present fairly the financial position of the Governance Commission (GC), as at 30 June 2019, and the Statement of Receipts and Payments, Statement of Comparison of Budget and Actual Amounts, summary of accounting policies and other explanatory information for the year then ended in accordance with IPSAS Cash Basis of Accounting (2017).

Basis for Adverse Opinion

During our audit of the financial statements of Governance Commission (GC), for the fiscal year ending June 30 2019, we identified several significant issues that have led to our adverse opinion:

- Management did not take responsibility of the financial statements by signing or approving the statements before issuance for audit.

- The notes to the financial statements were not presented in a systematic manner as prescribed by the Standards.

- The actual amount disbursed to Governance Commission (GC) as recorded in the MFDP Fiscal Outturn Report was US$1,744,736.00 whereas, in the financial statements, Management reported the total amount of US$1,404,904.99 as total amount received. This resulted in a variance of US$339,831.01.

- The actual amount disbursed to Governance Commission (GC) as Compensation for employees recorded in the IFMIS record was US$ US$4,851,800.78 whereas, in the financial statements, Management reported the total amount of US$1,324,338.89 as total amount received. This resulted in a variance of US$3,527,461.89.

- Transactions amounting to L$143,987.10 and US$743,004.84 were not reflected in the general ledger presented by the Management. A comparable ledger was spooled from the IFMIS system by the GAC.

- Transactions amounting to US$28,750.48 and L$1,536,151.19 were expended for the payment of various goods and services without the required authorized signatories.

- Bank reconciliation statements for Guaranty Trust Bank (GTB) accounts No. 203304887210, 203304887212, 203313561211, 203304887110, 203313561110, 203313561210, 203304887112, were not prepared for several months.

- Management withheld the amount of L$17,278.68 and US$456,490.23 as taxes from basic salary without evidence that taxes were subsequently remitted to the LRA.

- Management withheld the total amount of L$2,140.00 and US$1,274 as taxes from vendors without evidence that the taxes were subsequently remitted to the LRA.

- Management procured and utilized fuel and communication cards amounting US$6,903.52 without a distribution log.

- Management made payments amounting to US$24,950.00 in the name of a scholarship beneficiary and a staff of the GC, rather than in the name of the University

The above issues have a pervasive impact on the financial statements, causing material misstatements and raising concerns about the accuracy and reliability of the reported financial position and performance for the period then ended June 30, 2019.

We conducted our audit in accordance with International Standards of Supreme Audit Institutions. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements Section of our report. We are independent of the Governance Commission in accordance with ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse opinion.

Management's Responsibility
Management is responsible for the preparation and fair presentation of the financial statements in accordance with IPSAS Cash Basis, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing its ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to cease operations, or has no realistic alternative but to do so. The GC Management is responsible for overseeing the entity's financial reporting process.

Auditor’s Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

2 Accounting Policies

These are the specific principles, bases, conventions, rules and practices adopted by the Government of the Republic of Liberia in preparing and presenting the financial statements. The principal accounting policies adopted in the preparation of the financial statements therein are set out below.

a) Basis of preparation

These financial statements have been prepared in accordance with the requirements of the Public Financial Management Act, 2009 and comply with the Cash Basis International Public Sector Accounting Standard (Cash Basis IPSAS): Financial Reporting under the Cash Basis of Accounting. The measurement basis applied is the historical cost basis, except where otherwise stated in the accounting policies below. The accounting policies adopted have been consistently used throughout.

b) Reporting currency and translation of foreign currencies

(i) Functional and presentation (or reporting) currency

The Republic of Liberia operates a dual currency regime comprising the Liberian Dollar (LD) and the United States of America Dollar (US $) both of which are legal tenders. The attendant Financial Regulations to the PFM Act of 2009 states that:

'' the monetary unit of Liberia for all government agency accounting and financial reporting shall be the Liberian Dollar. The United States Dollars **may** also be used for financial reporting purposes, but the Liberian Dollar is the base currency.''

Hence, for the purpose of the Financial Statements being submitted, the United States Dollar is used as the reporting currency, which is permitted under the attendant Financial Regulations to the PFM Act of 2009 and adopted by the Government of Liberia as its reporting currency.

(ii) Translation of transactions in foreign currency

Foreign currency transactions and transactions in Liberian Dollar and other foreign currencies are translated into United States Dollar using the exchange rates prevailing at the dates of the transactions. Closing monetary balances are translated into the reporting currency using the closing rates. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of financial performance.

The year-end (30th June 2019) exchange rate for the Liberian Dollar was 190.72 LD per 1US$.

c) Reporting Period

The reporting period for these financial statements is the financial year of the Government, which runs from 1st July 2019 to the 30th June 2019.

d) Payments by Third Parties

Governance Commission did not benefit from goods and services purchased on its behalf as a result of cash payments made by third parties during the period. The payments made by Third Parties do not constitute cash receipts or payments by Governance Commission but do benefit it. They are disclosed in the Payments by Third Parties column in the Statement of Cash Receipts and Payments and other financial statements.
