AUDITOR GENERAL'S REPORT

December 31, 2020

Liberia Anti-Corruption Commission Congo Town Monrovia, Liberia

Dear Sir:

RE: REPORT ON THE FINANCIAL STATEMENT AUDIT OF THE LIBERIA ANTI-CORRUPTION COMMISSION (LACC).

Adverse Opinion

In our opinion, because of the significance of the matters discussed in the Basis for Adverse Opinion section of our report, the financial statements do not give a true and fair in all material respects, of the financial position of the Liberia Anti-Corruption Commission (LACC) as at 30 June, 2017 and of its statement of receipts and payments and Statement of Comparison of Budget and Actual amount for the year then ended in accordance with the requirements of the International Public Sector Accounting Standards (IPSAS) Cash Basis of Accounting and comply with the Public Finance Management Act of 2009.

Basis for Adverse Opinion

Payments in the amount of US\$5,810.00 for goods/services recorded in the ledger were not adequately supported by the necessary documents such as delivery notes and/or job completion certificate, Local Purchase Order, cash invoices and payment vouchers.

The amount of expenditure per the general ledger for GOL fund did not tally to the expenditure reported in the Financial Statements for the fiscal period. Several of the expenditures were recorded in the general ledger as US\$352,388.17 and reported in the Financial Statements as US\$419,588.86 thus, leaving a variance of (US\$67,200.69).

Payments transactions amounting to US\$6,500.00 were not recorded in the ledger during the period.

There was a difference of US\$9,175.22 between the closing cash balance reported in the Financial Statements and the closing cash balance of the General Ledger/ trial balance for the fiscal period.

We conducted our audit in accordance with International Standard of Supreme Audit Institutions (ISSAIs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Liberia Anti-Corruption Commission in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that

the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse opinion.

Responsibilities of the LACC Management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Public Sector Accounting Standards (IPSAS), financial reporting under the Cash Basis of Accounting, and for such internal control as management determines necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the commission's ability to continue as a going concern, disclosing, as applicable, matters related to the going concern and using the going concern basis of accounting unless management either intends to liquidate the commission or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the International Standard of Supreme Audit Institutions (ISSAIs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Legal and Regulatory Reguirements

We are required by Section 2.1.3 of the GAC Act of 2014 and in accordance with the Public Financial Management Act and Regulations of 2009 to audit the accompanying Commission's Financial Statements, which comprises the Statement of receipts and payments, Statement of Comparison of Budget and Actual and a summary of significant accounting policies and explanatory notes for the period ended June 30, 2017.

Yusador S. Gaye, CPA, CGMA Auditor General, R.L.

The Financial Statements as set out on pages 3 to 22 have been prepared in accordance with the provisions of the Public Financial Management Act of 2009 and in compliance with the Cash Basis International Public Sector Accounting Standards (Cash IPSAS), adopted by the Government of Liberia.

In accordance with the provisions of the Public Financial Management (PFM) Act of 2009, I am responsible for the control of and accounting for public funds received, held, and expended for and on behalf of the Liberia Anti-Corruption Commission.

Under I-11 of the Public Financial Management Regulations of 2009, which states that: "There shall be prepared by the head of government agency or an administrator or head of any Government agency and transmitted to the, the Minister and Comptroller-General in respect of the year, accounts covering all Public Funds under his control. MANAGEMENT DISCUSSIONS and ANALYSES

This Financial Statement Covers the fiscal year, 2016/2017 and its contents are consistent with the provisions of section I.11 Captioned "Annual Government Agency accounts" the 2009 Public Financial Management Regulations.

The Commission has adopted a system of sound accounting and financial management policies in conformity with financial regulations of the Government of Liberia and International Public Sector Accounting Standards (Cash Basis IPSAS) to ensure prudent and efficient management of funds. The Commission shall specifically cause to be kept proper books and records of accounts for funds and resources received and expenditure incurred during the fiscal year. This paragraph is covered under section 12.3 of the LACC Act of 2008.

The Commission during the fiscal year 2016/2017 had accumulated a total cash receipt of Two Million Four Hundred Fifty-Five Thousand Four Hundred Forty-Six 31/100 United States Dollars (US\$ 2,455,446.31) from the Government of Liberia. Besides the funding from the Government of Liberia, the Commission manages a UNDP funded STAOP project. During the fiscal year; the Commission received a total income of One Hundred Seventy-One Thousand Four Hundred Ninety 00/100 United States dollars (171,490.00USD) under the project.

Education and Prevention

The Commission under its Division of Education and Prevention during the fiscal year of 2016/2017, received Assets Declaration of several political appointees. A total of Seven Hundred Seventy-Eight (778) Assets Declaration files were scanned. The Education Division also concluded and submitted a budget and concept paper for the implementation of the Anti-Corruption portion of the Liberia Decentralization Support Program to the LDSP Secretariat for onward submission to the UNDP (United Nations Development Program). The AFDB (African Development Bank) and Basel International Centre also sponsored four days training for the Commission's Assets Declaration and Verification Officer in Uganda. The Division participated in the planning and implementation of the NACIWA (Network of Anti-Corruption Institutions in West Africa) workshop which was convened in Monrovia from September 19 to 21, 2016. In addition, the division with funding from the UNDP/LDSP procured fifteen (15) notice boards for service centers in fifteen counties. The notice boards have captions of Anti-Corruption education awareness messages.

The Division launched the conduct of corruption risks assessment at the Ministry of Transport to identify vulnerabilities in the service delivery with regards to the issuance of vehicle registration certificates, license plates, and driver's license.

The Division also collaborated with USAID/LPAC to review/validate the LACC'S Capacity Building Action Plan. The Asset Declaration Officer participated in the GIABA Mutual Assessment of Assessors Training in Accra, Ghana. The division also conducted Assets Declaration and Verification training of trainers (TOT) workshop for the Professional Ethics Division of the Liberia Revenue Authority (LRA).

Enforcement

The Enforcement Division is an important arm of the Commission. It is charged with managing the investigative, prosecutorial and legal functions of the Commission.

Key Achievements during the period under review

During 2016/2017 fiscal year, the Division experienced a workload of Thirty-One (31) Cases. In monetary terms, these cases are worth US \$ 29,327,000.00 (Twenty-Nine Million Three Hundred Twenty-Seven Thousand US Dollars) and LD \$ 100,000 (One Hundred Thousand Liberian Dollars) respectively.

The Commission is pleased to report that these cases are being investigated, one concluded and recommended at the Ministry of Justice for prosecution and others ongoing.

The Division is also pleased to mention that two of its Senior Investigators and Legal Officer participated in a training course in **Anti-Corruption Research and Forensic Investigation (ARFI)** at the Egerton University in Nairobi, Kenya. The training was held for three weeks (October 10 – November 4, 2016).

The division is also pleased to mention that one of its Senior Investigator successfully completed the sixth module of the Master in Anti-Corruption Studies (MACS) at the International Anti-Corruption Academy (IACA) in Luxemburg, Austria on January 13, 2017.

Challenges

The Commission experienced some challenges, which could hinder the work of the Commission in the months or possibly the years ahead. To date, challenges reported by the Commission in the last year Budget Performance report remain unaddressed. The Liberia Anti-Corruption Commission has inadequate Prosecutors and Investigators to take on the volume of cases flooding the desks our Investigation team. Of late, there has been an upsurge in Corruption cases coming to the Commission. The Current number of Prosecutors —three in total based at the Commission are already overwhelmed by the cases. The recruitment of additional Prosecutors and Investigators will further increase the Commission's Capacity in carrying out its Legal mandate.

There is a lack of a Fast-track Court to deal exclusively with Corruption Cases. Our already small and over-burdened court system has no special court assigned to cases of Corruption. This has had a retrogressive approach to prosecution and non-speedy trial. Especially, with the enormous demand from the public to see corruption cases being adjudicated in a manner more speedily than the current court processes. Cases from the LACC are treated as normal cases and are not given special preferences for an already loaded court docket. The establishment of a Fast Track/Specialized court will help the Commission move fast to prosecute and bring corrupt individuals and institutions to book expeditiously.

2 Accounting Policies

These are the specific principles, basis, conventions, rules and practices adopted by the Government of the Republic of Liberia in preparing and presenting the financial statements. The principal accounting policies adopted in the preparation of the financial statements therein are set out below.

(a) Basis of preparation

These financial statements have been prepared in accordance with the requirements of the Public Financial Management Act, 2009 and comply with the Cash Basis International Public Sector Accounting Standard (Cash Basis IPSAS): Financial Reporting under the Cash Basis of Accounting. The measurement basis applied is the historical cost basis, except where otherwise stated in the accounting policies below. The accounting policies adopted have been consistently used throughout.

(b)Reporting currency and translation of foreign currencies

The reporting currency is the United States dollars and the exchange rate is 111.12 LD to 1 USD.

(i) Functional and presentation (or reporting) currency

The Republic of Liberia operates a dual currency regime comprising the Liberian Dollar (LD) and the United States of America Dollar (US \$) both of which are legal Tender. The attendant Financial Regulations to the PFM Act of 2009 states that:

"the monetary unit of Liberia for all government agency accounting and financial reporting shall be the Liberian Dollar. The United States Dollars **may** also be used for financial reporting purposes, but the Liberian Dollar is the base currency."

Hence, for the purpose of the Financial Statements being submitted, the United States Dollar is used as the reporting currency, which is permitted under the attendant Financial Regulations to the PFM Act of 2009 and adopted by the Government of Liberia as its reporting currency.

(ii) Translation of transactions in foreign currency

Foreign currency transactions and transactions in Liberian Dollar and other foreign currencies are translated into United States Dollar using the exchange rates prevailing at the dates of the transactions. Closing monetary balances are translated into the reporting currency using the closing rates. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of financial performance.

The fiscal year ended (30th June 2017) exchange rate for the Liberian Dollar was 111.12LD to 1 US \$.

(b) Reporting Period

The reporting period for these financial statements is the 2016/2017 fiscal year of the Government, which runs from 1^{st} July 2016 to 30^{TH} June 2017.

(c) Payments by Third Parties

The Commission also benefits from goods and services purchased on its behalf as a result of cash payments made by third parties during the period by way of loans and contributions. The payments made by Other Government Units (Government Projects) and the Third Parties do not constitute cash receipts or payments by the Commission but do benefit it. They are disclosed in the Payments by Third Parties column in the Statement of Cash Receipts and Payments and other financial statements. – (N/A)

(iii) Other Receipts

Other Receipts are fees/charges collected and proceed from sales of designated services by the *Liberia Anti-Corruption Commission*.
