Hon. Ledgerhood J. Rennie  
Minister  
Ministry of Information, Cultural Affairs and Tourism  
Capitol Hill  
Monrovia, Liberia

September 29, 2023

Dear Hon. Rennie:

**AUDITOR GENERAL'S REPORT ON THE FINANCIAL STATEMENTS AUDIT OF THE  
MINISTRY OF INFORMATION, CULTURAL AFFAIRS AND TOURISM (MICAT) FOR THE  
PERIOD 1 JULY 2019 TO 30 JUNE 2020**

The Financial Statements of the Ministry of Information, Cultural Affairs and Tourism (MICAT) were subject to audit by the Auditor General in terms of Section 2.1.3 of the General Auditing Commission (GAC) Act of 2014 as well as the Engagement Terms of Reference. The Financial Audit was performed for the period July 1, 2019 - June 30, 2020.

**INTRODUCTION**

The audit of the Ministry of Information, Cultural Affairs and Tourism (MICAT) for the period July 1, 2019 - June 30, 2020 is being completed and the purpose of this letter is to bring to your attention the findings that were revealed during the audit.

**AUDIT SCOPE AND DETERMINATION OF RESPONSIBILITY**

The audit was conducted in accordance with the International Standards of Supreme Audit Institutions (ISSAIs). These standards require that the audit is planned and performed so as to obtain reasonable assurance that, in all material respects, fair presentation and reporting is achieved.

An audit involves:

- Examination on a test basis of evidence supporting the amounts and disclosures in the financial statements;
- Assessment of the accounting principles used and significant estimates made by Management; and
- Evaluation of the Financial Statement presentation.

An audit also includes an examination, on a test basis, of evidence supporting compliance in all material respects with the relevant laws and regulations which came to our attention and are applicable to financial matters.

The matters mentioned in this letter are therefore those that were identified through tests considered necessary for the purpose of the audit and it is possible that there might be other matters and/or weaknesses that were not identified.

The financial statements, maintenance of effective control measures and compliance with laws and regulations are the responsibility of the MICAT Management. Our responsibility is to express an opinion on these financial statements.

The audit findings which were identified during the course of the audit are included below.

### **Key Personnel**

The following key personnel of MICAT managed the affairs of the Ministry for the year ended June 30, 2017.

<b>No.</b>	<b>Name</b>	<b>Position</b>	<b>Tenure</b>
1	Lenn Eugene Nagbe	Minister	July 2019 to June 2020
2	Daniel C. Gayedyu	Deputy Minister for Administration	July 2019 to present
3	Lance Gbangonyon	Deputy Minister for Cultural Affairs and Tourism	July 2019 to present
4	Boakai Fofana	Deputy Minister for Technical Services	July 2019 to present
5	Eugene Fahngon	Deputy Minister for Public Affairs	July 2019 to June 2020

### **APPRECIATION**

We would like to express our appreciation for the courtesy extended and assistance rendered by the staff of the Ministry of Information, Cultural Affairs and Tourism and other individuals and businesses who contributed to the success of this audit. The audit findings which were identified during the course of the audit are included below.

## 1 DETAILED FINDINGS AND RECOMMENDATIONS

### 1.1 Financial Issues

#### 1.1.1 LINA Receipts not Disclosed in the Financial Statements

##### Observation

- 1.1.1.1 Regulation A.3 (1) of the Public Finance Management (PFM) Act of 2009 amended and restated 2019 states, " any public officer concerned with the conduct of financial matters of the government of Liberia, or the receipt, custody and disbursement of public and trust moneys, or for the custody, care and use of government stores and inventories shall keep books of accounts and proper records of all transactions and shall produce the books of accounts and records of the transactions for inspection when called upon to do so by the Auditor-General, the Comptroller General, the relevant internal auditor or any officers authorized by the Minister."
- 1.1.1.2 Furthermore, Regulation C.8 (3) (g) of the Public Finance Management (PFM) Act of 2009 amended and restated 2019 states that the head of agency or spending unit is responsible to ensure that all books of accounts under his or her control are correctly posted and kept up-to-date.
- 1.1.1.3 During the audit, we observed no evidence that Management disclosed LINA receipts amounting to US\$76,055 and L\$1,740,305 in the financial statements which were recorded in the CBL bank statements with checking account numbers 0010011502022334 for USD and 10011501010783 for LRD. **See Table 1a and 1b for details.**
- 1.1.1.4 Further, we observed no evidence of supporting documents for receipt not disclosed in the financial statements.

**Table 1a: LINA Receipts not disclosed in Financial Statements**

Sample#	Date	Ref#	Description	Currency	Amount
1	July 10, 2019	80925	LINA Account	USD	\$30,000
2	July 24, 2019	9861	LINA Account	USD	\$21,254.80
3	March 26, 2020	1656	LINA Account	USD	\$20,000
4	June 29, 2020	2043	LINA Account	USD	\$4,800
<b>Total</b>					<b>\$76,055</b>

**Table 1b: LINA Receipts not disclosed in Financial Statements**

Sample#	Date	Ref#	Description	Currency	Amount
1	July 19, 2019	9688	LINA Account	LRD	\$1,105,745.48
2	June 29, 2020	949	LINA Account	LRD	\$634,560
<b>Total</b>					<b>\$1,740,305.48</b>

### **Risk**

- 1.1.1.5 The completeness and accuracy of receipts may not be assured; therefore, the financial statements maybe misstated. Misstated financial statements may facilitate fraudulent financial reporting and mislead the users of the financial statements.
- 1.1.1.6 Lack of full disclosure of LINA's receipts may deny users information relevant for decision making. Management may not fully account for its revenue.

### **Recommendation**

- 1.1.1.7 Management should provide substantive justification for not disclosing LINA receipts in the financial statements.
- 1.1.1.8 Management should adjust the financial statements and fully disclose LINA receipts on the face and notes of the financial statements. All supporting documents relative to LINA receipts should be made available to the Office of the Auditor General for validation.
- 1.1.1.9 Management should ensure that all transactions are recorded in the financial statements. A periodic (monthly) reconciliation should be performed between the bank statements and the general ledger. Differences identified should be recorded, investigated and (where applicable) adjusted in a timely manner. Evidence of supporting documents should be adequate filed to facilitate future review.
- 1.1.1.10 Management should facilitate the procurement of an accounting software to enhance the preparation of the financial statements.
- 1.1.1.11 Going forward, an automated linkage should be created between the general ledger, trial balance, and the financial statements to facilitate completeness and accuracy of the financial statements.

### **Management's Response**

- 1.1.1.12 *Relative to the audit findings, all funds received by the Liberia News Agency (LINA) are capture and accounted for in the financial statements under Grants/Transfer to Agencies Current with specification in the column labeled receipts and payments controlled by the Ministry of Finance and Development Planning and Note 9 of the Financial statements (herewith attached). Please see attached updated financial statements which includes LINA.*
- 1.1.1.13 *More-besides, LINA is a special project fund and semi-autonomous agency headed by a Director General appointed by the President of the Republic of Liberia (even the previous Director General was appointed by the President). LINA controls and manages all funding provided to it by the government through MICAT as is done with other civil society groups and other government projects included in the Ministry's budget. For the purposes of this audit, MICAT management has communicated with LINA for the submission of all relevant documents to the audit team.*

### **Auditor General's Position**

- 1.1.1.14 We acknowledge subsequent receipt of MICAT updated Financial Statements with LINA total receipts provided by Management in lieu of our findings. However, Management's assertion about LINA autonomous status it's not reflective in the execution of the National Budget. Salaries and wages as well as operational fund for LINA are included in the annual budget of the Ministry of Information, Cultural Affairs and Tourism. Therefore, we maintain our finding and recommendations. We will follow up on the implementation of our recommendations during subsequent audit.

### **1.1.2 Inadequate Cashbook Narrative**

#### **Observation**

- 1.1.2.1 Regulation A.3 (1) of the Public Finance Management (PFM) Act of 2009 amended and restated 2019 states, " any public officer concerned with the conduct of financial matters of the government of Liberia, or the receipt, custody and disbursement of public and trust moneys, or for the custody, care and use of government stores and inventories shall keep books of accounts and proper records of all transactions and shall produce the books of accounts and records of the transactions for inspection when called upon to do so by the Auditor-General, the Comptroller General, the relevant internal auditor or any officers authorized by the Minister."
- 1.1.2.2 Furthermore, Regulation C.8 (3) (g) of the Public Finance Management (PFM) Act of 2009 amended and restated 2019 states that the head of agency or spending unit is responsible to ensure that all books of accounts under his or her control are correctly posted and kept up-to-date.
- 1.1.2.3 During the audit, we observed that Management reported total Other Receipts in the financial statements amounting to USD 77,807.62. MICAT's other receipts comprised mostly payments made by other GOL entities for media briefing; however, we were unable determine from MICAT's cashbook the details of the entities and respective amounts disbursed to MICAT for services performed.

#### **Risk**

- 1.1.2.4 In the absence of details of transactions posted in the ledger, the financial statements may not be fairly presented thereby denying users of the financial statements relevant information needed for decision making.
- 1.1.2.5 The non-disclosure of details of entity payment for services may impair future collection of receivables as Management may not be aware of outstanding transactions.

#### **Recommendation**

- 1.1.2.6 Management should ensure adequate records are maintained for Other Receipts to ascertain full disclosure, fair presentation, completeness and accuracy. The details of entities and respective amounts disbursed to MICAT for services performed should be adequately disclosed in the Other Receipts Ledger.

- 1.1.2.7 Going forward, Management should ensure that all transactions posted by junior staff should be reviewed and approved by senior personnel before the transaction appears in the general ledger.

#### **Management's Response**

- 1.1.2.8 *Relative to the audit findings on other funds received by MICAT from other GoL entities and external partners, the management takes note and going forward will ensure that other funds received are properly labeled in the description column of the ledger. However, during the audit period, all funds received from other GoL entities were properly accounted for in the financial statements with specification in the column of Other Receipts controlled by MICAT on the face of the financial statement as well as Note 5 in the financial statements (herewith attached).*

#### **Auditor General's Position**

- 1.1.2.9 We acknowledge Management's acceptance of our findings and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.

### **1.1.3 Expenditures not disclosed in the Financial Statements**

#### **Observation**

- 1.1.3.1 Regulation A.3 (1) of the Public Finance Management (PFM) Act of 2009 amended and restated 2019 states, " any public officer concerned with the conduct of financial matters of the government of Liberia, or the receipt, custody and disbursement of public and trust moneys, or for the custody, care and use of government stores and inventories shall keep books of accounts and proper records of all transactions and shall produce the books of accounts and records of the transactions for inspection when called upon to do so by the Auditor-General, the Comptroller General, the relevant internal auditor or any officers authorized by the Minister."
- 1.1.3.2 Regulation O.24 (1) and (2) of the PFM of Act of 2009 amended and restated 2019 states, "A Head of Government Agency shall ensure that his accounts are properly maintained and are correct at all times."
- 1.1.3.3 A Head of Government Agency shall, in relation to sub-regulation (1) appoint an officer who shall examine and check daily, all entries in cash books and other books of account, the counterfoils or copies of receipts or original documents to verify the correctness of the transactions."
- 1.1.3.4 During the audit, we observed that Management did not disclose LINA's expenditures amounting to US\$75,726 and L\$1,746,198 in its financial statements for the audit period although said amounts were recorded in LINA's Bank Statements. **See Annexures 1 & 1A for details.**

### **Risk**

- 1.1.3.5 The completeness and accuracy of expenditures may not be assured; therefore, the financial statements maybe misstated. Misstated financial statements may facilitate fraudulent financial reporting and mislead the users of the financial statements.
- 1.1.3.6 Lack of full disclosure of expenditure may deny users information relevant for decision making. Management may not fully account for its expenditure.

### **Recommendation**

- 1.1.3.7 Management should provide substantive justification for not disclosing LINA's expenditure in the financial statements.
- 1.1.3.8 Management should adjust the financial statements and fully disclose LINA's expenditure on the face and notes of the financial statements. All supporting documents relative to LINA's expenditure should be made available to the Office of the Auditor General for validation.
- 1.1.3.9 Management should ensure that all transactions are recorded in the financial statements. A periodic (monthly) reconciliation should be performed between the bank statements and the general ledger. Differences identified should be recorded, investigated and (where applicable) adjusted in a timely manner.
- 1.1.3.10 Management should facilitate the procurement of an accounting software to enhance the preparation of the financial statements.
- 1.1.3.11 Going forward, an automated linkage should be created between the general ledger, trial balance, and the financial statements to facilitate completeness and accuracy of the financial statements.

### **Management's Response**

- 1.1.3.12 *Relative to the audit findings, all expenditures made by the Liberia News Agency (LINA) is capture and accounted for in the financial statements under Grants/Transfer to Agencies Current with specification in the column labeled receipts and payments controlled by the Ministry of Finance and Development Planning. (See face of the Financial Statements) Please see attached updated financial statements which includes LINA.*
- 1.1.3.13 *More-besides, LINA is a special project fund and semi autonomous agency headed by a Director General appointed by the President of the Republic of Liberia (even the previous Director General was appointed by the President). LINA controls and manages all funding provided to it by the government through MICAT as is done with other civil society groups and other government projects included in the Ministry's budget. For the purposes of this audit, MICAT management has communicated with LINA for the submission of all relevant documents to the audit team.*

### **Auditor General's Position**

- 1.1.3.14 We acknowledge subsequent receipt of MICAT updated Financial Statements with LINA total expenditure provided by Management in lieu of our findings. However, Management's assertion about LINA autonomous status it's not reflective in the execution of the National Budget. Salaries and wages as well as operational fund for LINA are included in the annual budget of the Ministry of Information, Cultural Affairs and Tourism. Therefore, we maintain our finding and recommendations. We will follow up on the implementation of our recommendations during subsequent audit.

### **1.1.4 Expenditures with Inadequate Supporting Documents**

#### **Observation**

- 1.1.4.1 Regulation A.3 (1) of the Public Finance Management (PFM) Act of 2009 amended and restated 2019 states, " any public officer concerned with the conduct of financial matters of the government of Liberia, or the receipt, custody and disbursement of public and trust moneys, or for the custody, care and use of government stores and inventories shall keep books of accounts and proper records of all transactions and shall produce the books of accounts and records of the transactions for inspection when called upon to do so by the Auditor-General, the Comptroller General, the relevant internal auditor or any officers authorized by the Minister."
- 1.1.4.2 Regulation O.24 (1) and (2) of the PFM of Act of 2009 amended and restated 2019 states, "A Head of Government Agency shall ensure that his accounts are properly maintained and are correct at all times."
- 1.1.4.3 A Head of Government Agency shall, in relation to sub-regulation (1) appoint an officer who shall examine and check daily, all entries in cash books and other books of account, the counterfoils or copies of receipts or original documents to verify the correctness of the transactions."
- 1.1.4.4 During the audit, we observed that Management disbursed **US\$216,800** and **L\$21,300,140** in operational expenses, media relation and intelligence and other payments. However, no adequate supporting documents were seen for the below transactions. **See Annexures 2 & 2A for details.**

#### **Risk**

- 1.1.4.5 In the absence of adequate supporting documents, the validity, occurrence and accuracy of payments may not be assured. This may lead to misappropriation of the entity's funds.
- 1.1.4.6 The absence of adequate supporting documentation for transactions may also lead to fraudulent financial management practices, through the processing and disbursement of illegitimate transactions.

- 1.1.4.7 Management may override the procurement processes by completing disbursement without utilizing the required procurement processes.

#### **Recommendation**

- 1.1.4.8 Management should fully account for the expenditure made without adequate supporting documents.
- 1.1.4.9 Management should ensure all transactions are supported by the requisite supporting documents consistent with the financial management regulations. Documentation such as contracts, invoices, goods received notes, job completion certificates, purchase orders, payment vouchers etc. should be prepared and approved for the procurement of goods and services where applicable. All relevant supporting documents should be adequately documented and filed to facilitate future review.

#### **Management's Response**

- 1.1.4.10 *In relation to the audit findings, the Management of MICAT asserts that these payments were made due to the intelligence nature of the transactions and special covert operational activities of GoL. Also, the Ministry of Information has a budgetary expenditure line item: Media Relation, Intelligence and promotional activities (221813) approved by the National Legislature which allows the Ministry to make payments of such nature. During the audit period, all relevant supporting documentations leading to these transactions and expenditures were submitted to the audit team for verification and accountability purposes with the following attachments: 1) a copy of payment authorization from the Minister to the Comptroller signed and approved, 2) A copy of signed approved voucher for payments and 3) copy of approved covert certificates and Note for the records. However, the management is resubmitting the aforementioned supporting documents.*
- 1.1.4.11 *Moreover, Media Intelligence is of confidential nature as classified in the budget. This classification was first done in 2013 (as approved in the chart of accounts by the Legislature) This confidential expenditure line has been similarly approved every year since 2013 in accordance with Public Financial Management Regulation. Public Financial Management Regulation D 13 (1) states where classification begins and ends "The National Budget submitted by the President to the Legislature for approval shall be classified using the chart of accounts issued by the Comptroller General." Please note here that the Ministry of Information, Cultural Affairs and Tourism is not involved in the classification of the budget and its subsequent presentation of the legislature.*
- 1.1.4.12 *Public Financial Management Regulation D14 (1) states "Where in the national budget or supplementary appropriations, budgetary classifications are made for expenditures of a confidential nature; the details of such classification shall be shall be presented and agreed with the leadership of the Legislature." Please also note that the Ministry of Information, Cultural Affairs and Tourism is not privy to the said engagement with the leadership of the National Legislature. Howbeit, the amounts expended covertly are accounted for and reported to the point where it does not breach the confidentiality of the expenditures, or*

*compromises the undisclosed interests of the state. Moreover, the law requires the presentation of the details of budgetary classification for confidential expenditure to the leadership of the legislature alone (not even the entire Legislature), and it does not impose an obligation on any other public office to make full disclosure of such confidential details. It also attaches no duty to any public or private entity to make full disclosure of the details related to the subsequent confidential expenditure which would vitiate the purpose and necessity of the confidential nature of such expenditure if such details were disclosed.*

1.1.4.13 *The PFM Act and the PFM Regulation consistently and intentionally make budget classification of confidential expenditure a specific exception to the general classification provisions of the PFM Act. PFM Act Part II 1(a) sets budget classification for confidential expenditure aside for a different treatment "a) Where relevant, these classifications shall be designed to meet generally accepted international standards as defined in regulations issued pursuant to this Act. In the national budget or supplementary appropriations, budgetary classifications may be made for expenditures of a confidential nature. Details of such spending items will be promulgated in the regulations accompanying this Act. "This section of the PFM Act separates classifications made for confidential expenditure from other classifications. It subjects the other classifications to the generally accepted international standards as defined in regulations issued pursuant to the PFM Act while it directs us specifically to the PFM Regulation which particularly prescribes a different procedure for classification of confidential expenditure. This procedure does not grant any other person, besides the leadership of the Legislature, entitlement or privilege to the details of the budget classification for confidential expenditure.*

1.1.4.14 *The PFM Act which, consistent with the PFM Act, promulgates the next step in the procedure for budget classification of confidential expenditure in Section D 14(2) "After agreeing with Leadership of the Legislature, then the summary, subtotal or total shall be shown in the National Budget or added to another figure in the National Budget or the Supplementary Budget.*

#### **Auditor General's Position**

1.1.4.15 Section 5.2 A of the GAC Act of 2014 states that "the Auditor General and staff of the General Auditing Commission, shall have the right to full and unrestricted access to information from entities being audited within a reasonable period of time that is required to fulfill the responsibilities under this Act. Staff of the audited entities shall provide the required information and explanations to the staff of the General Auditing Commission.

1.1.4.16 Additionally, Section 6.5 - Conflict with other legislations states "notwithstanding any law to the contrary the provisions of this law shall prevail.

1.1.4.17 Also, section 4.2 D Audit reports to the National Legislature shall not include information that in the opinion of the General Auditing Commission could 1) prejudice the international relations, National interest or security of the Republic.

1.1.4.18 Therefore, Management should submit all supporting documents relative to the transactions above to the Office of the Auditor General for validation thirty (30) days after the issuance of this report to the National Legislature.

## 1.1.5 Unremitted Closing Cash Balance

### Observation

1.1.5.1 Section 27 (1 and 2) of the PFM Act of 2009 amended and restated 2019 states, "(1) All un-allotted appropriations and all uncommitted allotments will lapse at the end of the fiscal year. (2) All balances of appropriations committed but not disbursed prior to the end of the fiscal year, shall be available for the settlement of those obligations within 90 days from the end of the preceding fiscal year. All such balances not disbursed after ninety (90) days following the end of the preceding fiscal year shall be moved to government Consolidated Account. The recording, accounting and reporting of such undisbursed balances shall be set out in accounting regulations to be issued under this Act and shall be consistent with the provisions of sections 33, 34 and 35 of this Act."

1.1.5.2 During the audit, we observed that there was no evidence that Management remitted cash reported on the face of the financial statements amounting to US\$1,800.45 to the Consolidated Account, the unspent/closing cash balance for the fiscal year 2019/2020 in keeping with the PFM Act of 2009. **See Table 2 for details.**

### Risk

1.1.5.3 Non remittance of surplus cash balances at the end of the fiscal period to the general revenue account may denied government of the much-needed resources.

1.1.5.4 Failure to re-deposit unobligated cash balances for re-appropriation may lead to misapplication of public funds.

### Recommendation

1.1.5.5 Management should provide substantive justification for non-remittance of surplus cash balance to the general revenue account as required by the PFM regulations.

1.1.5.6 Going forward, Management should timely deposit of year end surplus cash consistent with the PFM regulations.

### Management's Response

1.1.5.7 *In relations to the audit findings, the Management asserts that the amount referenced does not apply to MICAT's bank balances, but rather allotments and appropriations maintained by the Ministry of Finance and Development Planning that were un-allotted and unpaid to MICAT's accounts. These balances referred to are controlled and managed by the Ministry of Finance and Development Planning and not MICAT as stated supra, hence, the MFDP will execute the necessary actions to comply with the PFM law regarding un-allotted balance for any line Ministry or Agency that elapsed at the end of any given fiscal period.*

### Auditor General's Position

- 1.1.5.8 Management did not adequately address the issue raised. The amount of US\$1,800.45 is a cumulative bank account balance for MICAT operational and LINA accounts as listed below:

**Table 2: Unremitted Closing Cash Balance**

No.	Description	Currency	Name of Bank	Account Number	Rate	Amount USD
1	MICAT operations Account	USD	CBL	10502022310	N/A	441.33
2	MICAT operations Account	LRD	CBL	12063000190	198.52	621.82
3	LINA Account	USD	CBL	0010011502022334	N/A	563
4	LINA Account	LRD	CBL	10011501010783	198.52	174.30
<b>Total</b>						<b>1,800.45</b>

- 1.1.5.9 These amounts are not unremitted allotment as asserted by Management. Therefore, we maintain our finding and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.

### 1.1.6 Bank Reconciliation

#### Observation

- 1.1.6.1 Regulation R.3 (6) of the PFM Act of 2009 amended and restated 2019 requires every head of Ministry and Agency to ensure that the balance of every bank account as shown in a bank statement be reconciled with the corresponding cashbook balance at least once every month; and the reconciliation statement shall be filed or recorded in the cash book or the reference to the date and number thereof.
- 1.1.6.2 During the audit, we observed no evidence that Management performed bank reconciliation for the following bank accounts at CBL and UBA. **See table 3 for details.**

**Table 3: Bank Reconciliation**

No	Description	Currency	Name of Bank	Account Number
1	Cultural Account	USD	CBL	001001150202241
2	LINA Account	USD	CBL	0010011502022334
3	LINA Account	LRD	CBL	10011501010783
4	New Liberia Newspaper Account	USD	UBA	53030050000031
5	New Liberia Newspaper Account	LRD	UBA	53030040000106

### **Risk**

- 1.1.6.3 Failure to adequately prepare bank reconciliations could lead to untimely detection of errors or omissions, and fraud. Management may not fully account for its transaction.

### **Recommendation**

- 1.1.6.4 Management should ensure that monthly bank reconciliation reports are prepared for each operational and designated account established by the entity.
- 1.1.6.5 Monthly bank reconciliation statements should be prepared and approved by staff with the relevant qualification, experience and seniority.
- 1.1.6.6 Monthly bank reconciliation reports should be adequately documented and filed to facilitate future review.

### **Management's Response**

- 1.1.6.7 *In relation to the audit, MICAT management herewith submits bank reconciliations for the following accounts: Culture Account (USD)/CBL, New Liberia Newspaper (USD & LRD)/UBA while the Management of LINA will be requested to submit all of its bank reconciliations to the Audit team for review.*

### **Auditor General's Position**

- 1.1.6.8 We have reviewed the documents subsequently provided by Management in response to the findings above and have therefore adjusted the Outstanding Bank Reconciliation Statements to LINA USD & LRD and New Liberia Newspaper USD & LRD.
- 1.1.6.9 Also, Management provision of documents after our review, does not guarantee Management effective control of documents management.
- 1.1.6.10 Going forward, Management should ensure that requested documents for audit purpose are submitted in a timely manner.

## **1.1.7 No Evidence of Receipts for remittance made to NASSCORP**

### **Observation**

- 1.1.7.1 Chapter 89.9 Part II of the National Social Security and Welfare Corporation (NASSCORP) Act of 2016 required that an employer should deduct contributions for pension from the remuneration of the employees at 4% of the gross salary and remit the amount along with the employer's own contribution of 6% of the gross pay to NASSCORP.
- 1.1.7.2 Also, Section 89.18 of the Decree establishing NASSCORP required that a principal employer defaults in paying any contribution prescribed by this Decree or subsequent regulations, a sum equal to four (4%) of the amount unpaid shall be added for each month or part of a month after the date on which payment was due, and any amount so added shall be recoverable as a debt owed by the employer to the Republic.

- 1.1.7.3 During the audit, we obtained no evidence of Management's remittance of social security deductions to NASSCORP.

**Risk**

- 1.1.7.4 Management maybe non-compliant with NASSCORP general regulations which may result into penalty and fines.
- 1.1.7.5 Potential retirees of GOL may deny required pension benefits due to non-compliance with the regulations.
- 1.1.7.6 The completeness and accuracy of social security contributions of employees may be misstated. This may lead to inaccurate computation of employee social security benefits.

**Recommendation**

- 1.1.7.7 Management should facilitate full remittance of national social security taxes to NASSCORP in keep with Chapters 89.16 (a and h) of the Decree establishing the National Social Security & Welfare Corporation.
- 1.1.7.8 Management should ensure that payment receipts for employees and employer contributions remitted to NASSCORP are obtain and file evidence of remittance to facilitate future review.

**Management's Response**

- 1.1.7.9 *Relative to the audit findings, all employees' contributions made to NASSCORP are exclusively controlled, and deducted by the Ministry of Finance and Development Planning for onward subsequent remittance to NASSCORP. Management responsibility is to prepare the payroll and forward same to the MFDP for appropriate actions.*
- 1.1.7.10 *However, management takes note and going forward will exert all efforts to obtain receipts of remittances made by MFDP to NASSCORP on its behalf.*

**Auditor General's Position**

- 1.1.7.11 We acknowledge Management's acceptance of our findings and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.

**1.1.8 Non-Remittance of Vendor's Withholding Taxes**

**Observation**

- 1.1.8.1 Section 905 (J) of the Revenue Code of Liberia Act of 2000 as amended in 2011 stipulates: "within 10 days after the last day of the month, payer described in (a) is required to remit to the tax authorities the total amount required to be withheld during the month", and (m) stipulates "a person who has a withholding obligation under this section and fails to withhold and remit the amount of tax required to be withheld is subject to Section 52 penalty for late payment and failure to pay."

1.1.8.2 During the audit, we obtained no evidence of Management withholding and remitting withholding taxes on goods and services.

**Risk**

1.1.8.3 Failure to remit taxes withheld, may deny GoL of much needed tax revenue.

1.1.8.4 Management may be in noncompliance with Section (905) J. of the Revenue Code of Liberia 2000, which may result in penalties for late payment and failure to pay. **Please see Section 52 of the Revenue Code of Liberia as referenced above.**

1.1.8.5 Non-remittance of withholding taxes may lead to overstatement of the cashbook and subsequently the financial statements.

**Recommendation**

1.1.8.6 Management should provide substantive justification for non-remittance of withholding taxes on goods and services for the period under audit.

1.1.8.7 Management should adjust the cashbook by the total value of the non-remitted withholding taxes and restate the financial statements with the adjusted cash balance.

1.1.8.8 Going forward, Management should facilitate full remittance of withholding taxes to the LRA in keeping with Section 905 (J) of the Revenue Code of Liberia Act of 2000 as amended in 2011.

1.1.8.9 Evidence of remittance of withholding taxes should be adequately documented and filed to facilitate future review.

**Management's Response**

*1.1.8.10 Relative to the audit findings, all withholding taxes on goods and services relating to vendors are directly controlled and remitted by the Ministry of Finance and Development planning on behalf of the Ministry of Information, Cultural Affairs and Tourism.*

*1.1.8.11 However, management takes note and going forward will exert all efforts to obtain receipts of remittances made by MFDP on its behalf.*

**Auditor General's Position**

1.1.8.12 We acknowledge Management's acceptance of our findings and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.

## **1.2 Administrative Issues**

### **1.2.1 No Established Audit Committee**

#### **Observation**

- 1.2.1.1 Regulation K.10 of the PFM Act of 2009 amended and restated 2019 states that, “a head of government agency or government organization shall in consultation with the Internal Audit Governance Board establish and maintain an audit committee for the government agency or organization for which he/she is responsible.”
- 1.2.1.2 In addition, Regulation K.11 (1) (a) of the PFM Act of 2009 amended and restated 2019 requires that the audit committee of government agencies or organizations shall review internal controls, including the scope of internal audit, internal audit plans, internal audit findings, and recommend to the head of government agency the appropriate action to be taken.
- 1.2.1.3 During the audit, we observed no evidence that the Management had established a functional audit committee for the period under review.

#### **Risk**

- 1.2.1.4 Management failure to establish a functional Audit Committee may prevent Management from taking timely corrective action on deficiencies identified by the Internal Audit Unit and the recommendations of the General Auditing Commission.

#### **Recommendation**

- 1.2.1.5 Management should establish an audit committee for proper oversight as required by Regulations K.10 – K.11 of the PFM Act of 2009 and to ensure internal and external audit recommendations are implemented in a timely manner.
- 1.2.1.6 Management should establish a functional Audit Committee as part of the Governance structure of the entity. This will enable Management to evaluate and ensure that internal controls are operating effectively and the recommendations of external auditors are implemented.
- 1.2.1.7 Management should ensure that the Audit Committee is made fully functional evidence by the documentation of meeting minutes and periodic reports.

#### **Management’s Response**

- 1.2.1.8 *Relative to the audit findings, MICAT Management takes note and going forward will ensure that an Audit Committee is established and fully functional.*

#### **Auditor General’s Position**

- 1.2.1.9 We acknowledge Management’s acceptance of our findings and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.

## 1.2.2 Lack of Policies and Procedures

### Observation

- 1.2.2.1 Regulation A.15(1) of the PFM Act of 2009 amended and restated 2019 states: "The head of government agency must exercise all reasonable care to prevent and detect unauthorized, irregular, fruitless and wasteful expenditure, and must for this purpose implement clearly defined business processes, identify risk associated with these processes and institute effective internal control to mitigate these risks".
- 1.2.2.2 The Committee of Sponsoring Organizations of the Treadway Commission (COSO) Internal control framework on control activities states: "Institutions deploy control activities through policies that establish what is expected and procedures that put policies into action". Policies and procedures are established and implemented to help ensure that risk responses are effectively carried out within an entity.
- 1.2.2.3 During the audit, we observed that Management did not develop various policies to guide its operations. There was no evidence of approved policy for the following:
- Financial and Administrative Manual
  - Strategic and Operational Plans
  - Fixed Asset Management Policy
  - ICT Security Policy
  - Receivable Management Policy

### Risk

- 1.2.2.4 Failure to develop policies and procedures to guide the activities of the entity may lead to arbitrary decisions that may be non-compliant to applicable laws and regulations and may impair the achievement of the entity's objectives.

### Recommendation

- 1.2.2.5 Management should develop, approve and operationalize policies and procedures for the various functions identified above, for the effective and efficient operations of the entity.
- 1.2.2.6 Evidence of approved policies and procedures should be adequately documented and filed to facilitate future review.

### Management's Response

- 1.2.2.7 *Relative to the audit findings, MICAT Management takes note and going forward will ensure that the following be instituted: Financial and Administrative Manual, Strategic and Operational Plans, Fixed Asset Management policy, ICT Security Policy, Receivable Management Policy and fully functional.*

### Auditor General's Position

- 1.2.2.8 We acknowledge Management's acceptance of our findings and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.

### **1.2.3 No offsite Backup Facility**

#### **Observation**

- 1.2.3.1 DS4.9 of CoBiT4.1 state that: Offsite Backup Storage Store all critical backup media, documentation and other IT resources necessary for IT recovery and business continuity plans.
- 1.2.3.2 12.3 of ISO/IEC 27002 states that: Backup copies of information, software and system images should be taken and tested regularly in accordance with an agreed backup policy.
- 1.2.3.3 During the audit, it was observed that Management does not have an offsite backup facility; nor did we observe an on-site backup facility for relevant information relative to programs production, etc.

#### **Risk**

- 1.2.3.4 The lack of an offsite backup facility may lead to loss of service to users, loss of credibility, incomplete and inaccurate records in the event of disaster.

#### **Recommendation**

- 1.2.3.5 Management should obtain an offsite backup facility to safeguard the business and IT resources that are necessary for IT recovery from future disaster.

#### **Management's Response**

- 1.2.3.6 *Relative to the audit findings, the Management takes note will ensure the establishment of an offsite backup facility to safeguard the business and IT resources.*

#### **Auditor General's Position**

- 1.2.3.7 We acknowledge Management's acceptance of our findings and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.

### **1.2.4 Fixed Asset Irregularities**

#### **Observation**

- 1.2.4.1 Regulation V.1 (2) of the PFM Act of 2009 amended and restated 2019 states, "The Head of Government Agency must take full responsibility of assets assigned to him by the General Services Agency and ensure that proper control systems exist for assets and that: (a) preventive mechanisms are in place to eliminate theft, losses, wastage and misuse; and (b) inventory levels are at an optimum and economical level."
- 1.2.4.2 Additionally, Regulation V.4 (1 & 2) states, "(1) Furniture, and equipment issued for Government quarters or offices or vehicle and other fixed asset shall be brought on a master inventory of the Government Agency; (2) The master inventory shall record under each category of item: (a) the date and other details of the voucher or other document on which the items were received or issued; (b) their serial numbers where appropriate; and

(c) their distribution to individual locations and the total quantity held.”

1.2.4.3 During the audit, we observed the following irregularities during our review of the Ministry’s fixed assets:

- There was no evidence of an approved fixed asset management policy
- The fixed asset register did not contain all of the following: Description, class, code, date of acquisition, location, condition, cost, depreciation expense, accumulated depreciation and net book value
- There was no evidence of periodic physical verification of assets conducted during the period to validate the existence of the entity’s assets.
- There was no evidence of authorization of movement of assets
- The fixed asset register was not regularly updated
- There was no history of disposal of assets
- Fixed Assets within a given vicinity was not displayed in a fixed asset log as required by the PFM

1.2.4.4 Because of the absence of location of asset in the asset register coupled with fixed assets not being tagged, it was difficult to perform physical verification of fixed assets, during the audit. **See Annexure 3 for details.**

#### **Risk**

1.2.4.5 Fixed Asset Register may be misstated (Over/understated).

1.2.4.6 Assets may be damaged or impaired but their values are still on the books.

1.2.4.7 Fixed assets may be removed from the entity’s premises without authorization, misappropriated, subjected to personal use or theft.

1.2.4.8 The lack of asset movement log could make it difficult to keep track of assigned or transferred assets, which could lead to misuse, loss or theft of assets without being noticed.

1.2.4.9 Fixed Assets not coded may be susceptible to theft or diverted to personal use.

#### **Recommendation**

1.2.4.10 Management should develop, approve and operationalize a fixed asset management policy to regulate fixed assets activities of the entity.

- 1.2.4.11 Management should ensure that the fixed asset register is updated to reflect the following: description, class, code, location, condition, cost, depreciation expense, accumulated depreciation and net book value of the asset.
- 1.2.4.12 Management should conduct periodic fixed assets count and /or verification to determine the current condition and location of the assets. Evidence of physical verification should be adequately documented and filed to facilitate future review.
- 1.2.4.13 The Fixed Asset Register should be updated periodically to reflect all entity's assets.
- 1.2.4.14 Fixed assets within a particular vicinity should be clearly displayed as required by the PFM Act.
- 1.2.4.15 A movement of Asset Form should be filled and authorized before assets are moved from a location to another. The Fixed Asset Register should be updated to reflect the change in location of asset.

**Management's Response**

- 1.2.4.16 *Relative to the audit findings, MICAT management will submit updated fixed assets registry.*

**Auditor General's Position**

- 1.2.4.17 We acknowledge subsequent receipt of the Updated Fixed Assets Register provided by Management in lieu of our findings. However, Management did not adequately address the issues raised. Therefore, we maintain our findings and recommendations. We will follow-up on the implementation of our recommendations during subsequent audit.
