**Ref: AUDITOR GENERAL'S REPORT ON THE FINANCIAL STATEMENTS AUDIT OF THE
LIBERIA IMMIGRATION SERVICE (LIS)**

Adverse Opinion

We have audited the financial statements of the Liberia Immigration Service (LIS) for Fiscal Period January 1, 2022- December 31, 2022, which comprise the statement of Receipts and Payments, and the statement of Comparison of Budget and Actual Amounts and summary of significant accounting policies and other explanatory information.

In our opinion, because of the significance of the matters discussed in the Basis for Adverse Opinion paragraphs below, the financial statements do not present fairly, in all material respects, the statement of Receipts and Payments as at December 31, 2022, the statement of Comparison of Budget and Actual Amounts and summary of significant accounting policies and other explanatory information for the fiscal period then ended in accordance with International Public Sector Accounting Standards (IPSAS 2017) Cash Basis of Accounting.

Basis for Adverse Opinion

During our audit of the financial statements of the Liberia Immigration Service (LIS) for the fiscal year ending December 31, 2022 we identified several significant issues that have led to our adverse opinion.

Expenditure

No Detailed Ledger for Salary payment

During the period under audit, Management did not prepare detailed ledger for salary payments amounting to US\$5,301,553.00. Management is in breach of Regulation A.3 (1) of the PFM Act of 2009 as amended and restated 2019 which require the head of Government entity to keep books of accounts and proper records of all transactions. The non-maintenance of detailed ledger for salary payments has a pervasive impact on the financial statements, causing material misstatements and raising concerns about the accuracy and reliability of the reported financial position and performance.

Inadequate Documentation of Expenses

We identified Inadequate Documentation of expenses amounting to US\$9,235.00. These expenses were not supported by adequate documentation such as payment vouchers, invoices, and delivery notes, which raises concerns about the validity and accuracy of the LIS's financial statements. The payments contravene Regulation A.3 (1) of the PFM Act of 2009 as amended and restated 2019.

Inconsistency between LIS Financial statements and GOL/IFMIS system.

A total variance of US\$510,594.88 exists between the MFDP's IFMIS ledgers and the financial statements. The inconsistency has a material impact on the financial statements and resulted in the LIS management not presenting a true and fair view of the Entity's financial position and performance for the period under audit.

Lack of Segregation of Duties in Payroll Management

We identified significant deficiencies in the internal control system, including lack of segregation of duties and inadequate authorization in the LIS payroll management system. In addition, there is no approved Human Resource Policy and Procedures to guide the human resource activities at the entity. Management did not adopt the Civil Service Standing Order to guide its human resources activities. These deficiencies are pervasive and increase the risk of fraud and errors, thus compromising the reliability of the LIS's internal control system.

We conducted our audit in accordance with International Standards of Supreme Audit Institutions (ISSAIs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Liberia Immigration Service (LIS) Management in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibility

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IPSAS Cash Basis, and for such internal control as Management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, Management is responsible for assessing its ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to cease operations, or has no realistic alternative but to do so.

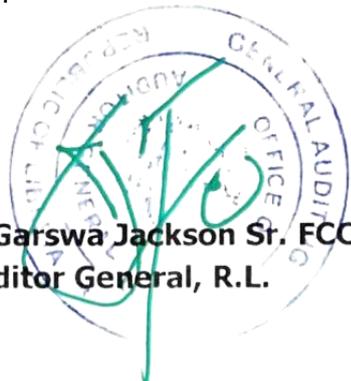

The Management of Liberia Immigration Service (LIS) is responsible for overseeing the LIS's financial reporting process.

Auditor's Responsibility

Our responsibility is to express an opinion on Statement of Receipts and Payments based on our audit. We conducted our audit in accordance with International Standards of Supreme Audit Institutions (ISSAI) and the World Bank Guidelines. Those standards and the applicable World Bank guidelines required that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Statement of Receipts and Payments are free of material misstatement.

*AUDITOR GENERAL'S REPORT On the
Financial Statements Audit of the Liberia Immigration Service (LIS)
For the Period January 1, 2022 to December 31, 2022*

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statement of Receipts and Payments. The procedures selected depends on the auditor's judgment, including the assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the Statement of Receipts and Payments in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the Statement of Receipts and Payments.

11. Original and Final Approved Budget and Comparison of Actual and Budget Amounts

The approved budget is developed on the same accounting basis (cash basis), same classification basis, and for the same period (from 1 January 1, 2022 to 31 December 2022) as for the financial statements – as explained in Note X above. The original budget was approved by the National Legislature on (April, 2022). There was no supplemental appropriation for financial year ended. The original budget objectives and policies, and subsequent revisions are explained more fully in the Report of the Comptroller issued in conjunction with the financial statements.
